OUR GOLF SERIES:

The Coalition Cup is presented by SAP in support of the Coalition of Minority Football Coaches Foundation (the Coalition). The best-run businesses run SAP, and the Coalition has partnered with this industry-leader to create an unparalleled golf experience while bringing attention to the Coalition's underlying mission.

Through the generous support of our partners, sponsors, participants, and donors, our Foundation will invest in the underserved communities where many of the talented players in college football and the NFL come from. The Coalition, like SAP, is committed to helping the world run better and improving people's lives. Being "best-run" includes furthering inclusion for top leadership positions in the sports industry. We are driven to achieve this goal. We cannot, however, make it happen without your support.

OUR MISSION:

The Coalition and its foundation are dedicated to preparing, promoting, and producing minority coaches at all levels of football by removing the roadblocks and leveling the playing field.

OUR REASON:

Football is a microcosm of life. Football, like life, presents physical and mental challenges true adversity in some sense that require innovative strategies, hard work and perseverance. Success rarely occurs without sacrifice, pain and agony. Even the most talented individuals cannot do it alone; rather they need the support of a team to reach the proverbial goal line, and paramount to any team's ability to reach its goals is their coach.

Proceeds to Benefit

NCMFC®
NATIONAL COALITION OF MINORITY FOOTBALL COACHES

The Coalition Foundation supports underserved communities by giving funding and resources to sports programs that need equipment or coaches to keep young at-risk athletes engaged in positive activities. By attending this event, you help advance that important objective along with the Coalition's mission to prepare, promote, and produce the next generation of leaders in football. Every dollar raised goes directly to supporting these efforts.
